MULTIPLE INTERACTIVE MEDIA AWARDS FOR THE SIXTH CONSECUTIVE YEAR

MembersFirst has been presented with multiple Best in Class awards by the Interactive Media Awards Council. This is the sixth consecutive year MembersFirst has been presented awards by the council, and the first time the company has been awarded four Best in Class designations.

"The four Best in Class awards, presented to the Sawgrass Country Club, The Club at Morningside, Medinah Country Club, and University of Massachusetts Club websites represent MembersFirst's dedication to industry leading design," said Ryan Maione, COO of MembersFirst. "We're thrilled to be presented with these four awards. Having the hard work and dedication of our talented design and implementation teams be recognized year over year by the IMAC is an honor. The judges stated that they were blown away with the "world class" work we produced this year."
